

IS-10

All-In-One

★ High-End DAC

★ Wi-Fi, Bluetooth and Airplay 2

★ Digital and analogue inputs

★ High quality headphone output

★ Stereo: 1 x 90W @ 8Ω
Stereo: 1 x 140W @ 4Ω
Mono: 1 x 280W on 8Ω (with PA-10 EVO)

★ Supports Tidal, Qobuz, Spotify, vTuner and MQA

★ Tidal Connect

★ Roon Ready

The IS-10 is our new state-of-the-art integrated streaming amplifier designed for audiophiles. Our expertise in audio technology is seamlessly integrated in a compact All-in-one built around a high-performance DAC to support High-Res music, up to DSD256 and PCM 32/384kHz.

The powerful stereo amplifier delivers 90W on 8Ω driving effortlessly a wide range of loudspeakers, or audiophile headphones thanks to the 6.3mm headphone output and dedicated amplifier with its precision resistor volume control.

Fully Roon Ready, the IS-10 is compatible with all UPnP/DLNA services and Airplay 2, and can be controlled with our GN Control app to stream from Tidal (including Tidal Connect), Qobuz, Deezer, vTuner and Spotify Connect. Add high-definition Bluetooth and firmware updates delivered over the air, and you have a complete source enclosed in a compact-sized ultra-rigid dampened aluminium chassis.

OVERVIEW

Integrated amplifier

Stereo: 1 x 90W @ 8Ω
Stereo: 1 x 140W @ 4Ω
Mono: 1 x 280W @ 8Ω (with PA-10 EVO)

High resolution streaming

Tidal/Tidal Connect, Spotify Connect
Qobuz, Deezer, Spotify, Airplay 2, Roon Ready, MQA and vTuner

App

GN Control App for iOS and Android

DAC

AKM AK4493
PCM up to 32bit/384kHz
DSD up to DSD256

Inputs

4 digital inputs and 2 analogue inputs

Outputs

Headphone output 6.3mm
Speaker out L/R

Power supply

100-240V, 50/60Hz

Dimensions

200mm W x 80mm H x 260mm D
